

Jack H. Marston II Melanoma Fund

Jack's Marathon Team

Join us as the Rock 'n' Roll Marathon Series takes the stage in Chicago on August 1, 2010. The Rock 'n' Roll Chicago Half Marathon is set to re-energize the legendary Chicago Distance Classic.

The final mix includes live bands, a flat, fast course for the ultimate tour of Chicago and a post-race concert to cap off your race experience. The hard driving production is generated by Elite Racing, a division of Competitor Group, so you can expect a smooth operation from the first cut to the last.

- You can make a difference in the fight against melanoma.
- Set your own fundraising goal and strive to achieve your personal best! (\$975 fundraising goal). Jack's team provides a free online fundraising page and other fundraising support.
- Funds raised benefit the Jack H. Marston II Melanoma Fund and drive vital research and awareness programs approved by the fund. American Cancer Society does not receive funding from Jack's Team.
